Off track battery tools that are on track for a cleaner environment

Torrent Trackage has one of the largest ranges of on track battery powered tools and equipment. But we realise that the off track environment is important too.

Be it construction or trackside vegetation management Torrent Trackage has invested in a range of the latest Husqvarna battery powered tools that are powerful yet are emission free and have considerably lower HAVs than the petrol powered equivalents. Battery tools offer a considerable saving on fuel costs and help to reduce overall carbon emissions.

The tools are lightweight and benefit from long run times and short recharge times giving impressive productivity.

For more information contact our 24 hour helpline or visit our website: www.torrent.co.uk

Husqvarna 535i XP 36v 14in Chainsaw Kit

The 535iXP chainsaw is a professional high performance chainsaw which provides high levels of performance and efficiency. Features excellent ergonomics and high chainspeed for fast and smooth cutting. The 535 iXP can deliver as much running time as the petrol equivalent. The efficient brushless motor is 25% more efficient than a standard brush motor, meaning it provides a high and consistent torque. Users can switch between normal or power save modes for maximum power or runtime.

Specification

Item code:	13-025
Power Source:	36v battery
Noise Level (Max):	106dBA
Vibration:	4.6M/s ² Rear
Vibration:	4.1M/s ² Front
Weight no battery:	2.4kg

Essential Accessories
